EXAMINER'S STATEMENT OF REASONS FOR ALLOWANCE

2. Claims 1, 19-24, 26-28, 32, and 33 (renumbered claims 1-12) are allowed.
3. The following is an examiner's statement of reasons for allowance:

Regarding claim 1, the primary reason for allowance is that the prior art fails to teach or reasonably suggest a first power source to set the signal line to a reference potential so as to set the image pickup elements to an initialized state, a second power source to supply electrical power to the preamplifier, a control circuit to transmit an exposure permission signal to the radiation generating apparatus after initializing the plurality of image pickup elements and control the first power source and the second power source to drive the preamplifier after transmission of the exposure permission signal, wherein the control circuit stops the power supply from the second power source after reading out the electrical signals from the image pickup element.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
